## ACKNOWLEDGMENTS

The following individuals are acknowledged for their contributions to the monitoring efforts and production of this document.

King County Environmental Laboratory. John Blaine provided technical coordination for offshore sediment sampling, Judy Ochs for intertidal water sampling, Jean Power for intertidal sediment, shellfish, algae, and water column sampling. Bob Kruger post-processed all the CTD data. Katherine Bourbonais provided laboratory project management. The efforts of all the field sampling crew and analytical laboratory were greatly appreciated.

Richard Jack produced the 2007 sediment data appendix for the ambient offshore samples and provided figures for the 2007 sediment data.

The time and efforts of the following reviewers were greatly appreciated: Betsy Cooper (Coordinator of King County's Wastewater Treatment Division's NPDES program), Katherine Bourbonais (King County Environmental Laboratory), Debbie Turner (King County Environmental Laboratory), and Erica Prentice (King County Environmental Laboratory).
